

Lyte Industries (Wales) Ltd

ENVIRONMENTAL POLICY

The Directors of Lyte Industries (Wales) Ltd have pledged to minimise the impact of its activities on the environment

As a leading manufacturer of access equipment, we are committed to improving the environment by pursuing a continuous review & improvement plan to achieve best standards

The key points of our strategy to achieve this commitment are:

Minimise waste by evaluating operations and ensuring they are as efficient as possible

Commit to the protection of the Environment, including pollution prevention and other environmental issues.

Minimise emissions through the selection and use of its transport fleet and the source of its power requirement

Actively promote recycling both internally and amongst its customers and suppliers

Source and promote a product range to minimise the environmental impact of both production and distribution.

Meet or exceed all environmental legislation that relates to Lyte Industries (Wales) Ltd activities.

Help employees become aware of environmental issues

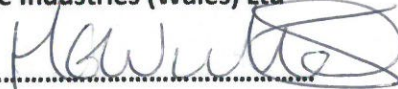

Attain Green Dragon Awards (levels 2-4) with the expectation of gaining ISO 14001 Environmental Certification in the future

Lyte Industries (Wales) Ltd will continue to support the principles of this policy at all levels within its organisation.
