

Subject: Successful THS Show – Trade Counter

## **PRESS RELEASE ~ PRESS RELEASE**

### **Lyte Ladders & Towers – Looking forward to a successful 2010.**

Lyte Ladders & Towers are still reeling from the most successful THS Show to date. The show is always a must for the company and since joining the group Lyte have enjoyed showcasing the strong product range as well as cementing valuable relationships with THS and its members.

This year saw even more of the ever increasing range of products now enjoyed by Lyte customers far and wide. Since the partnership with Hailo in 2008, Lyte now supply a broader customer base and maintain the reputation of being an access equipment '*One Stop Shop*'.

This year saw the introduction of the Hailo Champions range of step ladders and step stools. This range is manufactured by Hailo and distributed by Lyte in the UK. The step ladders and mini folding steps boast a number of key features including extra wide black anodised treads, they are certified to EN131 and have a load capacity of 225kg!

Also featured at the show were the new multi purpose ladder & platform system, the 3 way universal ladder, the Hailo Professional combination ladder & a range of high quality sack trucks. In addition to this comprehensive range of products was the Lyte podium step and glassfibre range of steps, all with a proven track record with THS members.

All have been a huge hit, offering versatility and choice for anyone working in a domestic, trade or industrial environment. Each product is certified to European Standard EN131, where applicable, maintaining Lyte's commitment to health & safety and outstanding quality.

After a successful 2009 Lyte are looking forward to an even better 2010, which we can only do with the support of our customers.

All of us here at Lyte Ladders & Towers would like to wish THS and its members a very Merry Christmas and a Prosperous New Year!

For more information on the new product range from Lyte, call their dedicated Sales Team on 01639 846800, fax 01639 841541 or email [sales@lyteladders.co.uk](mailto:sales@lyteladders.co.uk).
